

## The reading of Colossians 2:13

by Graham Thomason

Working document - in progress (11 Sep 2018)

Dead *in the transgressions* or dead *to the transgressions*? We look at the evidence in the Greek manuscripts. This article at present presents the raw evidence.

The verse, from RP-2005 reads:

Καὶ ὑμᾶς, νεκροὺς ὄντας ἐν τοῖς παραπτώμασιν καὶ τῇ ἀκροβυστίᾳ τῆς σαρκὸς ὑμῶν, συνεζωοποίησεν ὑμᾶς σὺν αὐτῷ, χαρισάμενος ἡμῖν πάντα τὰ παραπτώματα,

And *as for* you, being dead **in the transgressions** and the uncircumcision of your flesh, he has jointly made you alive with him, having forgiven us all of our transgressions,

The Majority Text is split on whether the word ἐν should be read, and NA<sup>28</sup> has the same text but with [ἐν], signifying uncertainty. One might expect a plain dative, so without the preposition ἐν, by analogy with Romans 6:2, ἀπεθάνομεν τῇ ἁμαρτίᾳ, *we have died to sin*, and Ephesians 2:1 and 2:5, νεκροὺς τοῖς παραπτώμασιν, *being dead to transgressions*, but in Colossians 2:13 the manuscripts, uncials and minuscules, are divided somewhat in favour of the preposition ἐν.

Results up to minuscule 421 (to be updated as more results are obtained):

For the papyrus and uncials, ἐν : dative = 14:7, ἐν=67%

For minuscules 1-421, ἐν : dative = 58:34:, ἐν=63%

Combined, ἐν : dative = 72:41, ἐν=66%

The probability of such a result against a global evens probability (like a fair coin toss) is 0.0022, or 0.22%. So based on a strict majority decision, **in the transgressions** has a very significant majority. But we hope to pursue the study and look for factors (date, place etc.) affecting the reading. Conclusions may be drawn later.

The table shows the readings of manuscripts for which we have seen an image. Where INTF does not have a publicly available scan, but CSNTM does, we give both references. Line numbers in images exclude heading lines. Library references do not include shelf details etc., for which see Wikipedia and [KL]; they do reveal which libraries are generous with accessibility of images. The libraries may also be of interest regarding which reading they have and similarity of handwriting. A superscript asterisk indicates the first hand; a superscript “c” a corrector (e.g. 308<sup>\*</sup>, 308<sup>c</sup>). Scrivener's *chart* is linen paper.

GA numbers with the superscript “abs” are copies of another manuscript; in such cases the reading of the copy is only of value if the original is unavailable. The entry for a (textually worthless) copy in the table is shaded grey. The table does not show all papyri or uncials of “Paul”, as most are fragments, and of the 139 papyri to date (Aug 2018), only P46 contains Colossians 2:13 (and P61 contains another portion of Colossians). The following uncials, not in the table, contain some portion of Paul's epistles, but not Colossians 2:13: 015, 016, 062, 082, 088, 098, 0111, 0121, 0122, 0158, 0159, 0172, 0174, 0176, 0183, 0185, 0186, 0198, 0199, 0201, 0205, 0208, 0209, 0219, 0220, 0221, 0222, 0223, 0225, 0226, 0227, 0228, 0230, 0240, 0241, 0243, 0252, 0254, 0259, 0261, 0262, 0270, 0278, 0280, 0282, 0285 (=081), 0289, 0295, 0296, 0310, 0311. But for the minuscules, we have attempted to show all manuscripts whether or not they contain Colossians 2:13.

The table will be of use to anyone wishing to convert a Gregory Aland (GA) number to a Scrivener number for minuscules of Paul's epistles. References to help convert a GA number to a Scrivener number are (1) [Waltz] (direct conversion, but, only for the more important manuscripts); (2) comparing library references in [KL] and [PI]; (3) Wikipedia articles on individual manuscripts. [Gregory] is useful for conversion from a Scrivener number to a Gregory number, but the latter may not be a GA number. Reference *Pinakes* can usually confirm a GA number from a library reference, and is useful in providing library catalogues, usually with GA numbers noted. Various Scrivener "Paul" numbers appear to have no GA number, because the manuscript is lost or is not a New Testament manuscript, or is now regarded as a lectionary, or for other reasons. This applies to the following: 51<sup>p</sup>, 119<sup>p</sup>, 123<sup>p</sup>, 152<sup>p</sup>, 168<sup>p</sup>, 209<sup>p</sup>, 210<sup>p</sup>, 218<sup>p</sup>, 230<sup>p</sup>, 248<sup>p</sup>, 254<sup>p</sup>, 261<sup>p</sup>, 274<sup>p</sup>, 303<sup>p</sup>, 304<sup>p</sup>, 306<sup>p</sup>, 309<sup>p</sup>, 316<sup>p</sup>, 317<sup>p</sup>, 320<sup>p</sup>, 321<sup>p</sup>, 334<sup>p</sup>, 361<sup>p</sup>, 363<sup>p</sup>, 399<sup>p</sup>, 400<sup>p</sup>, 428<sup>p</sup>, 435<sup>p</sup>, 465<sup>p</sup>, 474<sup>p</sup>.

**Table of readings of Colossians 2:13**

<sup>3</sup> For GA 018, [KL] and Wikipedia have Moscow Hist. Mus. V.93, S.97, absent in [PI].

For GA 1927, [KL] and Wikipedia have Moscow Hist. Mus. V.94, S.98, corresponding in [PI] to Acts K and 102<sup>a</sup>. In [PI], p.172, Acts K, codex Mosquensis, has Paul and Catholic epistles but not Acts, and is 9th century. [PI]'s description corresponds to GA 018. We regard the Scrivener library reference to V.94, S.98 as referring to what is now V.93, S.97, i.e. GA 018.
